Berry Architecture's Alberta Experience

Where's Berry Architecture??

Here's our own spin on *Where's Waldo?*—in reverse! We're easy to find and we have worked or are currently working in most regions of our province. Chances are we are working on a project in your region. Our central location lets us access Alberta locations quickly, and we've been to some pretty far-flung and remote regions. Traveling by small plane is a great way to see this beautiful province!

Contact office@berryarchitecture.ca to see if we're in your neck of the woods and let us set up a time to stop by to discuss your upcoming project.

Welcome to the Team!

We would like to welcome our new summer student, Sarah Murray, to the Berry Architecture team. Sarah is a SAIT student who has completed her first year of the Architectural Technology program. She joined us on May 26 and will be with us until the end of August. Welcome Sarah!

Attention Wellness Riders:

Great news! Alex Stieda, of Tour de France fame, is returning as our celebrity guest rider this year. Those of you who rode with Alex in our 2011 ride know that he's a great resource and inspiration, offering lots of tips and encouragement along the route. Thanks, Alex! See you all on August 16.
