Angela's 15 Year Anniversary

Angela Flinn celebrated her 15 year anniversary with the firm on May 8! She has specialized in construction specifications, facility evaluations, project management, and educational projects over the years and has a high level of expertise in all these endeavours. Angela has worked very hard for the firm, and we greatly appreciate her skill, diligence, and commitment. Here's to many more years with our team!

Benjamin Registered as Intern Architect!

Benjamin Schindel is now registered as an Intern Architect with the AAA! This means that he is beginning the journey to become a Registered Architect in Alberta. The process can take a few years as he must work under the supervision of a mentor to complete hours in various architectural sectors and then write professional exams once this is done. Congratulations, Benjamin!

School District #5, Project Updates

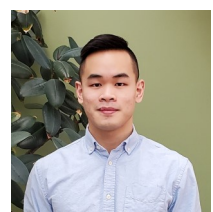

Berry Architecture has undertaken several projects for School District #5, Southeast Kootenay, BC. Here's a list of projects and current stages:

- ◆ Isabella Dicken School, Portable Relocation, Construction Completed
- ◆ Fernie Secondary School, New Washrooms, Construction Completed
- ◆ Mount Baker Secondary School, Lift Reno, Construction Completed
- ◆ Key City Theatre Upgrades, Under Construction, Near Completion
- ◆ Elkford Secondary School, Bus Building, Construction Start May 2021
- ◆ Mount Baker Secondary School, Review and Report, Near Completion
- ◆ Fernie Learning Centre, Renovation, Arch. Service Started
- ◆ Frank J. Mitchell School, Washroom Renos, Arch. Service Started.

We have so enjoyed nurturing and expanding a new business relationship with SD #5 and look forward to many more successful projects to come!

New Summer Student

Alvin Lam is the new summer student in our Red Deer Office. He joined the team on May 3 and will be with us until school starts in the fall. Alvin has completed his first year of Architectural Technology at SAIT, and we are excited to have his help for the next few months. Welcome, Alvin!

4311 Centre Completion

The new 4311 Centre in downtown Red Deer, AB is now complete. This four-storey office building offers a mix of office space with potential retail and features a large underground parkade. The building is situated on the former site of the Inland Concrete Plant and is thus an excellent re-use of a former industrial site in the city.
